

## *Untanglin' the Christmas Lights*

Words and music by Brady Rymer

**Riff: G slide to A**

**G A**

I'm gonna start right here I do it every year

As sure as there's Santa and his nine reindeer

**G A**

Goin' under and over and left and right

Loop de loopin' on a holiday night

**G A**

I promised myself way back when

I wouldn't be standing here doing it again

**G A**

But I'm in-in' and a'out-in', cussin' and a'shoutin'

Yankin' and a'pickin' at the wires rerouting

**G A**

Despite all of my best intentions it's becoming one of my holiday traditions

**G D A**

**G D A**

Untanglin' the Christmas lights - I'm gonna be here all night

**G D A E**

I gotta get 'em shinin' bright - We gotta turn 'em on

**G A**

Well, here's a knot, there's a knot, everywhere's a knot, knot  
Santa's got it out for me - the elves got an evil plot

**G A**

Tryin' to unscibble a great big scribble  
Ya knead it like a loaf of bread and massage the middle

**G D A G D A**

Untanglin' the Christmas lights - I'm gonna be here all night

**G D A E**

It's giving me a whale of a fight - We gotta turn 'em on

**GA**

Here come the cousins gonna end this quick  
but they twist it up tighter than a licorice stick

**GA**

Grandma, Grandpa gotta take a chance and soon we all looking like a barnyard dance

**GA**

Do-si-doin' with the holiday lights - it's a wrestling smack-down Friday night

**GA**

Have a go, brother - take a turn, sister - one big frustrating game of Twister!

**G D A G D A**

Untanglin' the Christmas lights - Sure be wound up tight

**G D A E**

Giving us a whale of a fight - We gotta turn `em on

Solo: **A**

**G A**

I said, bless my soul I feel `em gettin' loose

Even better than pulling out a wiggly tooth

**G A**

With the loops unraveled and the knots unlumped we be slappin' high-fives givin' grandma chest bumps

**G A**

Eggnog's flowin' it's a celebration - kissin' under mistletoe, hangin' decorations

**G A**

Raise your glass, let's toast my friend - somehow, someway we done did it again...

**G D A G D A**

Untanglin' the Christmas lights - All is calm and bright

**G D A E A**

Such a beautiful sight - We gotta to turn `em on

**A**

yea, let's turn `em on

**G D A G D A**

Untanglin' the Christmas lights - (untanglin' the Christmas lights) **Repeat 4 times**
